I have had the people in the Language School review the attached file. While [REDACTED] has skills that would be of interest, neither the Language School nor other components of OTE have a position which would accommodate this individual. STAT

You mentioned that the Chief, CT Program had advised you that [REDACTED] age precluded him being considered for the CT Program. Nonetheless, you might want to bring this file to the attention of DDO/OED since [REDACTED] background and language skills would seem to make him an attractive candidate for their program. STAT
